## El Dorado High School Make-A-Wish Club

Dylan is 12 years old and enjoys learning about marine animals, especially sharks. In 2018, Dylan received the devastating news that Dylan was diagnosed with leukemia. His treatment meant long stays in hospital for months at a time and away from his home. After leaving the hospital, Dylan dreamed about meeting the movie shark in Hawaii and going on a tubing adventure with it. So, to celebrate his 12th birthday, Dylan wished for a trip to Disney Aulani! Thanks to El Dorado High School's Make-A-Wish Club, Dylan's wish was granted! On his trip, Dylan and his family went to Rainbow Reef snorkeling, had a private meet-and-greet with Dylan's favorite movie shark character, and explored Hawaii's beautiful landscape. It was also a lazy river excursion! Thank you, El Dorado High School, for inspiring hope and joy for Dylan and his family.
